SEE HOUSE, NO. 1544 OF 2007-2008.]

## The Commonwealth of Massachusetts

—————  
**In the Year Two Thousand and Nine**  
—————

### AN ACT RELATIVE TO HEALTH SERVICES IN MASSACHUSETTS CORRECTIONAL INSTITUTIONS, HOUSES OF CORRECTION AND JAILS.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority  
of the same, as follows:*

SECTION 1 Chapter 127 of the General Laws is hereby amended by inserting after section 17  
the following sections:

Section 17A Notwithstanding any general or special law to contrary, in order to provide for  
improved medical treatment for those incarcerated in Massachusetts' prisons and jails by  
creating guidelines for health services, accessing cost containment measures, integrating  
healthcare during incarceration into the existing continuum of care in our state, health services  
shall provide inmates with drug treatment and rehabilitation and any other medical treatments to  
successfully complete said drug treatment and rehabilitation. Further, the commissioner of  
correction and the directors of the county facilities shall review the training of prison personnel  
and, where necessary, shall improve said training to include training on the ability to recognize  
an inmate's potential need for medical care and facilitate such services.

Section 17B All health services for inmates shall include high quality health care while  
leveraging cost containment measures to the extent that the Commonwealth authorizes them as  
part of any other state healthcare program including but not limited to bulk purchasing of  
prescription medication, uniform billing, contracting with non-profit providers, prevention  
services and leveraging of better service prices through joint negotiation and pooling of  
consumers.
